## A Suit and Overcoat Test You Can Make Most Profitably

About all the truthful assertions ever made about good ready-to-wear apparel for men apply to the apparel we show.

Our only claim to supremacy is in the matter of underselling.

We Are Convinced That You Cannot Buy Suits or Overcoats So Advantageously in Any Other Shop.

Spreading the conviction is merely a matter of having more and more men inspect these stocks, particularly after they have been elsewhere on tours of

The Men's Furnishing Goods store has had no ecial lot of Neckwear quite as good as this in many months.

There are 1,500 Ties in the lot-about halfand-half \$1.50 and \$1.00 qualities, made of rich silks-solid colorings, figured designs, and the long bias-stripe effects. At 64c. each there is temptation a-plenty to buy in half dozen and dozen lots.

#### "Waferflex" Derby Hats Combine Comfort & Moderate Cost

NSPECT the best light weight, flexible, self conforming Derby Hat you can find in any other shop for \$3.50, then come here and see its duplicate in our "Waferflex" Hat at \$2.74.

A sensible Derby, surely-a Derby as comfortable as any man can buy.

Wear one-even a short time-and you will understand why seekers of Derby Hat Satisfaction have beaten a broad path to this Macy Hat Store.

Some regulation Derbies at \$2.49 -only 12 dozen of them-are prizes the end-of-week offers. And if you have no great objection to invisible defects--almost always a lack of uniformity in weight-there are Derbies at \$1.88 culled from \$3.00 and \$3.50 grades.

He Got It-Not Going, but About Gone-The Follies of the Transfer System-All Day Ride for a Nickel.

Having settled the Fifty-ninth street transfer question as regards the Metropolitan and Belt lines the Public Service Commission vesterday considered forcing the Third Avenue line to make a joint rate with the Belt Line which would permit transfers from the Third avenue route to the Fifty-ninth street line.

The chief witness was Frederick W. Whitridge, the receiver for the Third Avenue road. He said that when he took charge of the line he found its equipment in so bad a condition that the road could not afford to exchange transfers.

In answer to one of the first questions put to him by John M. Bowers, counsel for the bondholders, Mr. Whitridge replied, when asked in what condition he found the road when he was appointed receiver: "I expected to find a going road." but I found it about gone."

Mr. Whitridge said that most of the open cars belonging to the company were practically useless and that it would require \$500 each to put most of the other cars into good condition.
"Many of these cars," he remarked,

must have had their birth in the dark ages. I have sold as many of these antiques as I can, but some of the cars I cannot sell at any price. I have been told that these cars had originally been painted for yellow, but if you saw them you would and it hard to believe it."

Mr. Whitridge said he bought seventywe new closed cars of the standard type, fly new open cars and had ordered 150 y as you enter cars, which will be put into operation between the Post Office and 129th street within the next two or se weeks. Questioned as to the finanhial condition of the Third Avenue line

at one time in his examination refershort line," running two blocks, from
Ansterdam avenue to Riverside Drive.

"Oh, yes. I looked up that line," the
itness replied eagerly, "and what do you
nink I found? I found that the line had
one car, two horses, one driver, one conductor and two regular passengers."

Speaking of the transfer system which
was in vogue before the Metropolitan and
Third Avenue lines cut loose from each
other, Mr. Whitridge said that it was
redicultous.

"When I was made receiver of the line,"

standard the period named. Net
earnings, after all deductions for operating expenses, were \$621,056, a decrease
of \$2.272,586, compared with the previous year. Other income was \$147,788,
a loss of \$59,208, and the surplus, after
charges and depreciation, was \$58,445, a
decrease of \$2,320,652.

Surplus earnings applicable to dividend,
on the adjusted capitalization of \$17,184,000 were therefore only a bare showing.
In the previous year the company earned
equal to 6 per cent. on \$17,240,000 of old
preferred stock and 8.50 per cent. on
\$15,810,000 of old common stock.

THIRD AVE. TRANSFER CASE

the said, "I discovered that we were taking from and giving transfers to everybody. You could get 'em at almost every crossing. Just for the fun of it I sent out one of my assistants one morning to see how many rides he could get on transfers. He started out at 10 o'clock in the morning and except for intervals for lunch and dinner he was still riding at midnight when he had had enough of it and quit."

when he had had enough of it and quit."

It was admitted by Mr. Whitridge, however, that the transfer problem was a difficult one and that unless some kind of a transfer service was rendered at certain points in the city the companies would the hearing will be resumed this after-

Justice Truax in Special Term of the Supreme Court yesterday afternoon issued writ of certiorati returnable in twenty days to review the order made by the commission directing the joint rate between the Metropolitan and Belt lines. It was announced yesterday at the offices of the board that application would be made to the Appellate Division next Friday to vacate the writ.
